15.2 Protest deposit

The protest deposit is determined by the CAKF and in amount of €70,00.

If the protest requires the disassembling and reassembling of certain parts of the car, the claimant must pay an additional deposit of €750 if the protest involves clearly defined part or assembly (engine, steering, transmission, brake systems, electrical installation, bodywork, etc.) The expenses incurred by the work and the transport of the car shall be borne by the claimant if the protest is unfounded, or by the competitor against whom the protest has been lodged if it is upheld. If the protest is unfounded, and expenses incurred by the protest (scrutineering, transport, etc.) are higher than the deposited amount, the difference will be borne by the claimant. Conversely, if the expenses are less, the difference will be returned to them. Stewards can define a higher deposit, if it deemed to be required.
